

Our 50th Birthday Celebration Was Lots of Fun!

On July 25, 2013, Cash Special Utility District celebrated its 50th anniversary with a ceremony held at the utility's office on FM 1564. Among the guests were several special visitors.

A special guest at the event was Frances Wiggins, the first water meter reader. She entertained everyone with stories of her days on the job.

Longtime board member Jimmy Humphries was surprised when the announcement was made that the Cash SUD office building was being renamed the J.A. "Jimmy" Humphries Memorial Administration Building.
