IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for Cash Special Utility District

Cash Special Utility District (the "District") failed to collect every required coliform sample during 2018. The District submits 300 samples to the lab each year or 25 per month. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During October 2018, our production manager only submitted 24 samples (not 25), so we did not complete all monitoring or testing for coliform bacteria; therefore, we cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, we are required to notify you within 24 hours.

What is being done?

The Production Manager is now required to turn in daily sampling reports to the General Manager each month. We collected every required coliform sample in November 2018, December 2018 and January 2019, and we are no longer in violation.

For more information, please contact Clay Hodges, General Manager at 903 883-2695.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Cash Special Utility District.

Public Water System ID#: 1160018

Date distributed: 3/10/2019

Sincerely,

A handwritten signature in blue ink, appearing to read "Clay Hodges", with a stylized flourish at the end.

Clay Hodges, General Manager
Cash Special Utility District
